

Getting Ready For Installation Day

All AIM Clients

- ✓ Please clear the area around the windows / electrical we will be working on. If you need assistance, please let us know ahead of time, and we are happy to help!
- ✓ For their safety, please make sure pets and kids stay clear of the area we are actively working in.
- ✓ Planning ahead for the closeout process – this will include:
 - Please be available to inspect completed work
 - Payment Processing – We kindly ask our clients for project balances to be paid in check. However, we will also accept a credit card with a 2% fee

PowerView & Lutron Clients

- ✓ We will need access to your wifi to program your automated system. Please write this information down for your installation crew.
- ✓ At the end of the installation, our team will program your PowerView or Lutron automated system. Please be available to learn how to use your new system as well as communicate your setting preferences to our installation technicians.

You're Now An AIM Member!

The AIM standard doesn't end after your installation! We offer 1-year of unlimited shading and lighting support beginning on the day of the installation. If you have questions or need warranty support, please feel free to reach out to us at support@aimyourhome.com
